

WRAP-AROUND BOOK COVER

I love it when something such as a shirt placket has an obvious use, as it does here. If it were simply strips of fabric joined together, it wouldn't have the same finish. This project is dear to my heart as it is simple to do and, depending on colour choices, can look sophisticated, homespun or simply stunning.

MATERIALS

- A selection of shirts (the number will depend on the size of the book)
- A shirt for the lining fabric
- Matching thread
- Fusible webbing
- A book

EQUIPMENT

- Tape measure
- Dressmaking scissors
